TESKON + SODEX (April 19th - 22nd, 2017 - IZMIR)

Teskon + SODEX will bring together the HVAC-R Industry in Izmir

Hosting the one of the most important meetings of the HVAC-R industry, **Teskon + SODEX** is preparing to bring together the industry in April 19th - 22nd, 2017 - IZMIR Tepekule Congress and Exhibition Center. Organized by Hannover Messe Sodeks Fuarçılık, the event will bring together various product groups such as Heating, Cooling, Air-Conditioning, Pump, Valve, Plumbing, Water Treatment, Geothermal and Solar Power Systems under a single roof and allow visitors to discover the innovations in the industry. 96 companies will exhibit their products and services in 1761 m² net area at Teskon+Sodex 2017 Exhibition. Exhibitors will be able to reach their existing and potential customers directly.

Exhibition and Congress are together!

Concurrently with Teskon+SODEX Exhibition, the first and most important Congress of the industry TESKON- National Installation Engineering Congress will be held by MMO (Chamber of Mechanical Engineers) as well. Organized for the first time in 1993 and executed by the Izmir Branch on behalf of MMO and continued simultaneously with Teskon-SODEX for 10 years, the congress brings together many prominent academicians, architects, engineers, project company officials and professionals in the industry under TESKON+SODEX and allows them to share notable knowledge. Offering theoretical and applied scientific and technological developments in both sanitary engineering and in other disciplines, TESKON Congress will feature "Integrated Performance" this year.
